

**NOTICE TO INFORMATION TECHNOLOGY/SOFTWARE
IMPLEMENTATION COMPANIES
INTERESTED IN PROVIDING PROFESSIONAL SERVICES TO THE
UNIVERSITY OF HAWAI'I**

The University of Hawai'i is seeking qualified firms/individuals to submit statements of qualifications to provide professional services in the areas of Information Technology and/or software implementation for the fiscal year commencing on July 1, 2015.

The purpose of this notice is to solicit and to establish a prequalified list of firms/individuals with which the University of Hawai'i may negotiate contracts for Information Technology (IT) and/or software implementation services whenever circumstances required. These firms/individuals must have direct experience and available staff with excellent skills in the following areas:

1. Web site design, graphics design, development, implementation, and usability testing.
2. J2EE application planning and development using Java, JavaServer Pages (JSP), JavaServer Pages Standard Tag Library (JSTL), JavaScript, Apache Ant, XML, and related technologies such as JQuery, React, AngularJS, Node.js and Maven.
3. Introductory and advance professional training services in the areas of Java programming, J2EE environments and related technologies.
4. Kuali applications development, support and professional training, including Kuali Student, Kuali Financial, Kuali Coeus and Kuali Rice.
5. Design, development professional training, and support business intelligence environments using tools such as Jaspersoft, Tableau, BIRT, or Cognos.
6. Enterprise data modeling and warehousing.
7. Design, development, professional training, and support of middleware software, including Extract, Transform and Load (ETL) tools.
8. Design, implementation, administration and support of enterprise imaging and document management systems, including integration with enterprise information systems.
9. Design, implementation, administration and support of UC4 job scheduler.
10. Design and implementation of a disaster recovery plan.
11. Information Technology Project Management.
12. NoSQL such as Cassandra, MongoDB, Redis, CouchDB or HBase; Oracle, MySQL and SQL Server database design, tuning, disaster recovery planning, administration and professional training.
13. Linux/VMWare enterprise environment design, implementation, administration, support and professional training.

14. System, performance and load testing using Load Runner.
15. Define and document comprehensive business system requirements, enhancements, interface requirements, operational and management functions for Kualii applications including Kualii Student, Kualii Financial, Kualii Coeus and Kualii Rice.
16. Implementation, administration, support and professional training for cloud-based infrastructure, platform and software services.
17. PeopleSoft Human Resources System custom development and update implementation.

Firms/individuals are not required to provide IT and/or software implementation services in all areas.

Firms/individuals interested in being considered for selection are invited to submit a letter of interest and completed Statement of Qualifications Questionnaire for Information Technology Companies, OPRPM FORM 135, to:

University of Hawai'i
Office of Procurement and Real Property Management
1400 Lower Campus Road, Room 15
Honolulu Hawai'i 96822

There is no deadline for submission of the OPRPM FORM 135. The University conducts a continuous recruitment for the aforementioned IT and/or software implementation service for the period specified.

OPRPM FORM 135, Statement of Qualifications Questionnaire for Information Technology Companies, may be obtained from <http://www.hawaii.edu/oprpm> or at the Office of Procurement and Real Property Management at the above address.

All questions pertaining to this solicitation may be directed to Karlee Hisashima at the Office of Procurement and Real Property Management, email karlee@hawaii.edu, telephone (808) 956-8687.

David Lassner
President, University of Hawai'i
