Although the “A” and “B” contractor may still bid on and act as the “prime” contractor on a “A” or “B” project (See, HRS § 444-7 for the definitions of an “A” and “B” project.), respectively, the “A” and “B” contractor may only perform work in the areas in which they have the appropriate contractor’s license (An “A” or “B” contractor obtains “C” specialty contractor’s licenses either on its own, or automatically under HAR § 16-77-32.). The remaining work must be performed by appropriately licensed entities. It is the sole responsibility of the contractor to review the requirements of this project and determine the appropriate licenses that are required to complete the project.”

  - a. Anyone who disagrees with the “Minimum Contractor Licensing Requirements for Project” shall raise objections during the Mandatory Pre-Bid Meeting or submit written comments no later than ten (10) consecutive calendar days prior to bid opening.

The County has no intention of granting discretionary waivers for bids failing to list Sub-contractors in accordance with the “Minimum Contractor Licensing Requirements for Project”.
